MBS ALUMNI MENTORING PROGRAM

Share your experience, shape someone's future

As an MBS alum, you know that some of the most valuable lessons happen beyond the classroom. Now you have the opportunity to share your experience, insights and network with the next generation of MBS students – and to make a meaningful contribution to their personal and professional development. **Become a mentor. Give back to MBS.**

Your experience makes a difference

- **Share your Experience:** Pass on your industry knowledge, expertise and lessons learned.
- **Give back to MBS:** Stay connected to the MBS community and make a meaningful contribution to the development of future graduates.
- **Grow & connect:** Develop your mentoring and leadership skills while connecting with ambitious students and fellow alumni.

Structured, yet flexible

One relationship. Different perspectives. Mutual learning:

- The program provides **guidance and key milestones,** while each mentor-mentee relationship is shaped individually.
- Mentoring is a **shared commitment.** Mentors and mentees actively contribute to building a meaningful relationship and goal-setting, what matters most.

Manageable commitment:

- Minimum commitment: **3 in-person or virtual meetings**
- Beyond that, you and your mentee decide what **works best** for you.
- There is **no one-size-fits-all** approach. The mentoring journey is designed around the individual goals and needs of each mentee.

Ready to give back?

Become a Mentor and make a difference for the next generation of MBS students.

You can register your interest as a mentor throughout the year.
To be matched for the next mentoring cycle, please register by September.
Share what you have learned. Support what comes next. Stay connected to MBS.

How it works

September:
Prepare for the New Round
To participate in the upcoming mentoring cycle, sign up by September.

October: Receive your Match
We match mentors and mentees based on relevant interests, goals and backgrounds.

November: Meet & connect
Meet your mentee at the program kick-off and start your mentoring journey.

November – July: Share & grow
Build your mentoring relationship, exchange experiences and support your mentee throughout the program.
